INDEX

A

Abandonment, 14, 23, 94
Abel, E. L., 225, *230*
Abel, T. M., 323, 324, 330, 338, 339, *345*
Abelin, E., 84, *99*
Abortion, 329, 421
Abraham, K., 101, *115*
Abstract thinking, 274
Abu, M., 238, 243, *248*
Abuse, *See also* Physical abuse; Sexual abuse
  exposure to, 240
  fears of, 364
Academic affiliation, of Fellowship Program in Adolescent Psychiatry, 403
Academic problems, suicide related to, 224–225
Accreditation Council on Fellowships in Adolescent Psychiatry (ACFAP)
  Residency Review Committee, 390–391
  Standards: Special Requirements for Programs in Adolescent Psychiatry, 390, 395
  subspecialty fellowship training programs, 391–392
Accreditation Council on Graduate Medical Education (ACGME), 398
  Residency Review Committee, 390
Accumbens system, 139
Achenbach, T. M., 186, *202*, 245, *247*, *248*
Achenbach Child Behavior Checklist, 186
Achievement, sense of, 308
Acting out, 91, 286, 301
  in adolescent daughters of divorce, 85
Adam, K. S., 199, *202*
Adams, G. R., 68, 70, 73, *78*
Adams, M., 61, *64*
Adams, P. R., 68, 70, 73, *78*
Adaptation, 11, 20
Adaptive behavior, 338
Adaptive capacity, child's, parental loss and, 106
Addiction psychiatry, 393
Addy, C. L., 187, 199, *204*
Adjustment disorder, 192, 215
Adler, D., 119, 125, 137, *152*, *156*
Administrative issues, residents' exposure to, 432, 433
Adolescence
  conceptualization of, 8–9, 16–17
  historical perspective, 49
  middle, 4
  overview of, 4–5
  period of, 50
  present day, 61
  relinquishment during, 308, 309
  transformations of, 5
  in western world, 50
  working definition of, 411
Adolescent
  activity in therapy, understanding of, 311
  adult demands on, 275
  in ancient Greece and Rome, 49, 50
  depreciation of, 306–308
  hostility toward, 305, 310
Adolescent culture, 413
Adolescent process, revised conceptualization of, 8–9, 9n
Adolescent psychiatrists
  population of, 394
  professionals consulting with, 433
Adolescent psychiatry
  programs in, special requirements for, 396, 403–407
    definition of subspecialty, 396
    duration and scope of education, 397

educational goals and objectives, 397–398
facilities and resources, 402–403
faculty and staff, 399–402
institutional organization, 398–399
specialty content of, 404–406
as subspecialty, 392, 393
Adopted children, fantasies about origin, 36
Adoption, experience of, understanding of, 416
Adult
adolescent's contact with, 55–57
separation of adolescents from, 306–308, 311
socialization by, changes in, 56–57
Adult analysis, 37
Adulthood, 317
developmental change in, 111
as evolving process, 111
psychodynamic changes during, 111
transition of adolescence to, 315
Adultomorphism, 238
Affect
attunement, 15
child's experience of, 15
developmental sequence of, 25
negative, 378
primitive, 41
shared, 18
somatization of, 39
Affective climate or style, negative, 167, 169
Affective disorder, 200
adult, childhood parental loss and, 104
in children and adolescents, 183, 184, *See also* Depression; Mood disorders
bipolar disorder, 195–198, *See also* Bipolar disorder
clinical trials, 190–191
diagnosis and treatment of, 191–199
diagnostic criteria, 185–186
epidemiology, 187–189
genetic studies, 190
neuroendocrine research, 189–190
research advances, 185–191
scales, 186–187
seasonal, 198–199
suicide, 199–201
theoretical understanding of, 185
defined, 185
Affective storm, 362, 379
inner, 382
Affective tone, child's understanding of, 9
Age
impact of childhood parental loss related to, 107–108
melancholic symptoms and, 188
suicide rates related to, 218, 218t
Aggression, 43, 309
expression of, through basketball, 370–371
Aggressive behavior, knowledge of, 421–422
Aggressive drive, 291
Aggressor, identification with, 89, 90
Agitation, states of, in play psychotherapy, 371
Aichhorn, A., 3, *28*, 276, *287*
Aims, coordination of, 14, 26
Albright, L., 319, *345*
Alcohol abuse, 192, 296, *See also* Substance abuse
accidents related to, 75
postdisaster, 75, 76
suicide risk and, 300
Alessi, N. E., 201, *206*
Alienation, 59, 60–61
Alignments, dysfunctional, 169
Alikeness, feeling of, 315
Allegiances, multiple, 318
Allen, J. J., 166, *177*
Alpha adrenergic agonists, 429
Altschul, S., 106, *115*, *116*
Ambady, N., 319, *345*
Ambrosini, P. J., 186, *202*, *206*, 235, *248*
Ambulatory care team, 402
American Academy of Child and Adolescent Psychiatry, 433
Committee on Adolescence, 409
American Board of Adolescent Psychiatry (ABAP), 392, 401
American Board of Psychiatry & Neurology, 392, 393
American Psychiatric Association (APA), 183, 186, 189, 191, 197, 198, *202*, 276, *287*, 393
American Psychoanalytic Association, 272
American Society for Adolescent Psychiatry (ASAP)
Council on Fellowships in Adolescent Psychiatry, 395–396, *See also* Council on Fellowships in Adolescent Psychiatry
local and national forum, 394
American Society of Adolescent Psychiatry (ASAP)

Accreditation Council on Fellowships in Adolescent Psychiatry, report of, 389–407
annual programs presented under, 391
Bylaws of, 389
literature on adolescent psychiatry, 391
Task Force on Fellowships in Adolescent Psychiatry, 389
Task Force on Recommendations on Specialization in Adolescent Psychiatry, 389
Task Force on Specialization in Adolescent Psychiatry, 391, 392
Amerindian tribes, parental authority in, 53
Aminergic activity, in schizophrenic thought disorder, 137
Amnesia, 71
Amygdala, 139
Analysis, *See* Psychoanalysis
Analyst, *See also* Therapist
adolescent's identification with, 40
function of, 40
as male figure of identification, 42
as real object, 272
revolt against, 43
Analytic session, frequency of, 285
Analyzability, adolescent, 271–273, 283–285, *See also* Psychoanalysis
case vignette, 281–283
developmental perspective, 273–276, *See also* Development
psychopathology and, 276–280, *See also* Psychopathology
Anders, T. F., 10, 23, *33*, 280, *288*
Anderson, B. J., 174, *178*
Anderson, J. A., 132, *158*
Andreasen, N. C., 119, 125, 129, *152*
Angell, R. H., 70, 77, *80*
Anger, 373
postdisaster, 76, 78
Angold, A., 184, 186, 191, *203*, *204*
description of depression, 184–185
Angry stance, 89
Anhedonic state, depression as, 184
Anomie, suicide related to, 222
Anorexia nervosa, 189
Antidepressants, 189, 193, *See also* specific agent
heterocyclic, 429
ingestion of, suicide by, 229
response to, 195
tricyclic, 193, 194, 223, 429
efficacy of, 194
tricyclic,
efficacy of, 190, 191
Anxiety, 104, 276
assessment of, 243, 244–245
management of, 5
mood of, 309
postdisaster, 67, 68, 69
Anxiolytic agents, 429
Aphasic patients, 142
Appearance, importance of, 60
Archaic objects, fantasies about, transference of, 37
Aristotle, 49, *64*, 306, *316*
Artists, works of, formulation during adolescence, 51
Arylsulfatase, deficiency of, 145
Asarnow, J., 167, 176, *177*
Asarnow, R. F., 132, *152*
Asians, suicide in, 218t, 219
Asphyxiation, suicide by, 223, 224t
Assaults, student, 350
Assessment, in program of adolescent psychiatry, 405
Assessment tools, structured, 235–236, 247
constructs and measures for assessment of urban adolescents, 237, 239–245
improving "user friendliness" of assessment measures, 246–247
Assimilation, 9
Associative processes, disorders of, in schizophrenia, 125, 128
Athletic games, competitive, 362, 365, 366, 367
aspects of play in, 380–381
Attachment, 94, 236
in treatment, related to parental divorce, 86–90
Attachment-affiliation, 11, 17
Attachment theory, 24, 236
Attention, selective, 9, 131
Attention deficit disorder, 200, 281
Attention deficit hyperactivity disorder (ADHD), 276, 282, 283
Atwood, G. E., 24, *28*, 291, *303*
Auerhahn, N. C., 36, *46*
Authority
adolescence and, 49–64
irrational, 52–53
Authorship, sense of, 18
Autistic thinking, in schizophrenia, 119, *See also* Thought disorders, schizophrenic

Autonomy, 98, 314, 317, 318, 319, 323
achievement of, 6
extreme, 168–169, 331, 335
promotion of, 324
strategies for affecting, 339
in treatment, related to parental divorce, 86–90
Aversion, 11
Avoidance, 71, 216, 364
Axons, demyelination of, 145

B

Bacal, H., 27, *28*
Backward masking, in schizophrenia, 134
Bagnato, S., 68, 69, 71, 72, *79*
Baker, L., 168, *179*
